FUTURO INFANTIL HISPANO FOSTER FAMILY AGENCY CONTRACT COMPLIANCE MONITORING REVIEW

The Department of Children and Family Services (DCFS) Out-of-Home Care Management Division (OHCMD) conducted a review of Futuro Infantil Hispano Foster Family Agency (the FFA) in February 2014. The FFA has two licensed offices, one located in the First Supervisorial District and another located in San Bernardino County and provides services to County of Los Angeles DCFS foster children and youth. According to the FFA's program statement, "The primary purpose of the foster family agency is to achieve the placement agency's overall goals of safety, permanency and well-being. The primary goals of the FFA program are: to ensure children are provided with a safe and healthful living environment; a continuity of care, nurturance and services that will meet their individualized problems, needs and situation; to work with their families to achieve reunification; or to achieve other designated legal permanency plans such as adoption, legal guardianship or a permanent planned living arrangement for children when family reunification is not possible."

At the time of the review, the FFA supervised 307 DCFS placed children in 109 certified foster homes. The placed children's average length of placement was six months, and their average age was seven.

SUMMARY

During OHCMD's review, the interviewed children generally reported: feeling safe at the FFA; having been provided with good care and appropriate services; being comfortable in their environment and treated with respect and dignity. The certified foster parents reported they were supported by the FFA staff in their efforts to provide care, supervision and service delivery to the children placed in their homes.

The FFA was in full compliance with 9 of 11 sections of our program compliance review: Facility and Environment; Maintenance of Required Documentation and Service Delivery; Education and Workforce

"To Enrich Lives Through Effective and Caring Services"

Readiness; Health and Medical Needs; Psychotropic Medication; Personal Rights and Social/Emotional Well-Being; Personal Needs/Survival and Economic Well-Being; Discharged Children; and Personnel Records.

OHCMD noted deficiencies in the areas of Licensure/Contract Requirements, related to Community Care Licensing (CCL) and DCFS cited the FFA as a result of deficiencies and findings during CCLs and DCFS investigations of complaints; and Certified Foster Homes, related to the FFA not having conducted home studies at the foster care and adoption level (dual certification) for 51 certified foster homes prior to certification. OHCMD instructed the FFA supervisory staff to enhance monitoring in order to eliminate documentation issues and ensure compliance with service requirements and all regulatory standards.

Attached are the details of our review.

REVIEW OF REPORT

On March 19, 2014, the DCFS OHCMD Monitor, Thomas Manning, held an Exit Conference with the FFA's representatives, Oma Velasco-Rodriguez, Executive Director, Lily Olan, Administrator, and Teri Amirkhan, MA, Deputy Administrator. The FFA's representatives: agreed with the review findings and recommendations; were receptive to implementing systemic changes to improve their compliance with regulatory standards; and agreed to address the noted deficiencies in a Corrective Action Plan (CAP).

A copy of this compliance report has been sent to the Auditor-Controller and CCL.

The FFA provided the attached approved CAP addressing the recommendations noted in this compliance report. OHCMD will verify that these recommendations have been implemented and will provide technical assistance during our next visit to the FFA in August 2014.

**FUTURO INFANTIL HISPANO FOSTER FAMILY AGENCY
PRELIMINARY CONTRACT COMPLIANCE MONITORING REVIEW
FISCAL YEAR 2013-2014**

SCOPE OF REVIEW

The following report is based on a “point in time” monitoring visit. This compliance report addresses findings noted during the February 2014 review. The purpose of this review was to assess Futuro Infantil Hispano Foster Family Agency’s (the FFA’s) compliance with the County contract and State regulations and included a review of the FFA’s program statement, as well as administrative internal policies and procedures. The monitoring review covered the following 11 areas:

- Licensure/Contract Requirements,
- Certified Foster Homes,
- Facility and Environment,
- Maintenance of Required Documentation and Service Delivery,
- Educational and Workforce Readiness,
- Health and Medical Needs,
- Psychotropic Medication,
- Personal Rights and Social Emotional Well-Being,
- Personal Needs/Survival and Economic Well-Being,
- Discharged Children, and
- Personnel Records.

For purposes of this review, 12 children were selected for the sample. Out-of-Home Care Management Division (OHCMD) interviewed nine of twelve children. Three children were not interviewed, as they were too young. During the home visits, the children were observed to be comfortable in the certified foster homes and the certified parents were observed to be attuned to the needs of the children. We reviewed all 12 case files to assess the care and services they received. Additionally, five discharged children’s files were reviewed to assess the FFA’s compliance with permanency efforts. At the time of the review, 11 placed children were prescribed psychotropic medication. We reviewed their case files to assess for timeliness of Psychotropic Medication Authorizations and to confirm the required documentation of psychiatric monitoring.

OHCMD reviewed three certified foster parent files and five staff files were reviewed for compliance with Title 22 Regulations and County contract requirements. Interviews were conducted with all three certified foster parents to assess the quality of care and supervision provided to children.

CONTRACTUAL COMPLIANCE

We found the following two areas to be out of compliance.

Licensure/Contract Requirements

Community Care Licensing (CCL) cited the FFA as a result of deficiencies and findings during the course of investigating a child abuse referral. According to the report dated August 5, 2013, CCL substantiated a Personal Rights violation when it determined that the certified foster parents had inappropriately disciplined the placed children.

On November 6, 2013, CCL delivered an Accusation (Revocation of Certificate of Approval), which stated that the "Respondent be prohibited for the remainder of Respondent's life, from employment in, presence in, and from contact with, clients of any facility licensed by the CCL and from being a member of the board of directors, an executive director, or an officer of a license of any facility licensed by the CCL." This referral was investigated by Department of Children and Family Services (DCFS) Emergency Response Children's Social Worker (ER CSW) on January 29, 2013. The DCFS ER CSW concluded that the allegation of physical abuse of two placed children by their certified foster mother was Substantiated, which resulted in the placed children being removed. Out-of-Home Care Investigation Section (OHCIS) placed the certified foster home on an Indefinite Hold and it will no longer be used as a placement resource for DCFS children. OHCIS requested a Corrective Action Plan (CAP) from the FFA which included additional training on Children's Personal Rights and Appropriate Discipline Techniques for Certified Foster Parent.

Recommendations

The FFA's management shall ensure that:

1. All certified foster parents are re-trained on Children's Personal Rights and the FFA is in compliance with Title 22 Regulations.

Certified Foster Homes

In September 2013, it was brought to OHCMD's attention that the FFA did not conduct home studies at the foster care and adoption level (dual certification) for 51 certified foster homes prior to certification.

OHCMD requested a CAP that would address how the FFA would amend its certification process to be in compliance with County contracts and a detailed plan with timeframes to complete the dual certification of 51 certified foster homes. The FFA will complete dual certification on the remaining 49 homes (two homes were decertified) by May 28, 2015. The FFAs plan is to complete 25 dual certifications by August 28, 2014, 13 dual certifications by February 28, 2015 and the remaining 11 dual certifications by May 28, 2015. The FFA's CAP was approved by OHCMD on February 24, 2014.

Recommendations

The FFA's management shall ensure that:

2. All prospective certified foster parents have a completed home study prior to certification.

PRIOR YEAR FOLLOW-UP FROM DCFS OHCMD's FOSTER FAMILY AGENCY CONTRACT COMPLIANCE MONITORING REVIEW

OHCMD'S last compliance report dated July 12, 2013, identified three recommendations.

Results

Based on our follow-up, the FFA fully implemented all three of the previous recommendations for which they were to ensure that:

- All certified FFAWs and certified foster parents are re-trained to ensure all foster children are receiving their allowances.
- All certified foster parents are provided with a complete copy of the entire current NSP for their files.
- All certified foster parents are trained in accordance with the County contract and on the previous CAP which stated clothing would be purchased at the time of placement and receipts would be provided to confirm purchases.
